

# Company Profile

**ONYX GROUP**

**O**nyx Group is a global integrated business enterprise that develops and operates businesses across virtually every industry including industrial and project finance, Oil and gas, Petrochemicals, Power Generation, Aviation, Railway, Shipping and ports, Infrastructure and industrial constructions, Industrial catering and support services, metals, machinery, chemicals, oil field services, telecommunication. Onyx Group's current activities are expanding far beyond its traditional trading operations as its diverse business ranges from natural resources development to investment in retail business, infrastructure, financial products and manufacturing of industrial goods.

Onyx Group has emerged as one of the most respected Construction, Internal Project Management and General Trading companies in the Middle East. The company also has very diversified specialized business activities, serving the whole of Middle East, Asia, Europe and USA. In a region where industrial development is crucial to economic prosperity, Onyx Group has earned the confidence and respect of governmental departments and multinational organizations through achieving exceptional high standards of service. Onyx Group has established alliance agreements with companies that supply expertise, services and materials/equipment for the international market. In the arena of commercial and institutional construction, we have shown the proven ability to take on large, complex projects and complete them on time, within budget, to our client's satisfaction.

With over 50 offices and subsidiaries in approximately 25 countries worldwide and a network of over 100 group companies, Onyx Group employs a multinational workforce of over 5,000 people. Our culture is grounded in service, quality and efficiency. Onyx is associated with more than 500 companies located in some 60 countries. This growing list includes international integrated majors, national oil and gas companies (OPEC and non-OPEC), independent producers, refiners, marketers, oil and gas pipelines, electricity and gas utilities, major industrials, airlines, trading companies, financial institutions, and government agencies and has completed many major projects and deals across the globe.

# Our Values

Onyx's core values drive everything we do. Incorporating these core values in our daily work, and making them an integral part of our culture, is key to our future success. Our values solidify who we are and what we believe.

## Our values:

- Uncompromising commitment to Quality, Health, Safety and Environment
- An open relationship with our employees based on mutual trust, respect and success
- Transparency, Accountability and Discipline in our business
- Best in class Risk Awareness
- Integrity in all we do
- Financial Responsibility to our stakeholders
- Our mission defines what we set out to do each day.

## Our mission is:

To safely deliver any project, any time, in any environment for the benefit of our customers, shareholders, employees and the communities we serve.

## Our vision:

'To be the world's Contractor and Employer of Choice by safely and consistently delivering successful and innovative capital projects and services anywhere in the world'. To that end, ONYX's motto or slogan is 'We Deliver'.

Our vision reminds each of us of what we should be striving for each day and where we ultimately want to be as a company.

■ ENGINEERING & CONSTRUCTION SERVICES

■ PROJECT & PROGRAM MANAGEMENT

■ GLOBAL SOURCING

■ SHIPPING & LOGISTICS SERVICES

■ TELECOMMUNICATION

■ RAILWAYS

■ AIRPORTS

■ POWER GENERATION

■ OIL & GAS

■ OPERATIONS & MAINTENANCE

■ SECURITY & SAFETY EQUIPMENT

■ AVIATION

■ CHEMICALS & FERTILIZERS

■ HOSPITALS & MEDICAL SUPPLIES

Seine-Aaval Treatment Plant, Achères

Petroleum Pipeline Works, Oman

Power Plant Construction, UAE

Telecommunication Tower in Ghana

Hamad International Airport, Qatar

Seaport, United Arab Emirates

Coal Mining in British Columbia

Dam Construction Ethiopia

## OIL & GAS

The Onyx Group exists to help meet the energy needs of a rapidly changing world. One of the leading independent energy trading and development companies, we find, extract, refine, trade, store and transport materials and resources from where supply is abundant to where demand is great. Onyx Group is actively involved in exploration, drilling, pipeline services, supply of chemicals and support services to the drilling industry.

We charter tankers and move crude oil and oil products. Products such as gasoline, diesel and heating oil, fuel oil, jet fuel, naphtha and bitumen, as well as ethanol and chemicals: all over the world, every day. And we pipe gas, fill and operate terminals, ship coal and bio fuels. The breadth and reach of our global network gives us a profound understanding of the intricate interdependencies of the world's energy markets.

## POWER ENGINEERING

Through our engineering, construction management and maintenance services, Onyx Group and its partners has successfully delivered power across the globe to even the most remote locations.

With many years of experience in the development, engineering, procurement, construction and maintenance of a wide variety of power generation technologies, Onyx Group provides economic and efficient solutions to clients worldwide

## PROCUREMENT & SUPPLIES

**O** NYX Group has helped various governments, aid agencies and contractors achieve their mission by managing the entire supply chain. no company is as trusted in procuring and delivering time critical material into hostile regions of the world; says our clients. Trading is the engine of our business, and energy – in many different physical forms – is the resource we trade the most. In fact, almost all of the Onyx Group’s activities are driven by trading – from exploration, to shipping, to storage. More than simply a thread linking every aspect of what we do, trading is the conduit through which we receive and share vital market information, maintain the balance and flow of our liquidity, and forge lasting, rewarding relationships with customers all over the world. We focus on building long-term relationships based on our ability to provide security of supply from multiple supply sources. Our range of supplies includes:
